

## **ETOBICOKE GIRLS SOFTBALL LEAGUE PRIVACY POLICY**

The Etobicoke Girls Softball League is committed to protecting all personal information of its registrants.

Information gathered from registration forms, online registration submissions or obtained by request from convenors, coaches or other league officials will be considered to be protected information and to be governed by our Privacy Policy. At no time should you feel obligated to provide personal information beyond what the league requires to properly consider a registrant as eligible to play and which is necessary to maintain a proper database of all registered players.

Personal information gathered by any of the above stated methods will not be used or shared for purposes other than to maintain proper communication between league officials and the families that are served by said officials.

Exceptions to this strict policy are as follows:

To obtain permits from the City, the league is required to submit a membership list. This list will include player names, phone numbers, birthdates and postal codes only.

To obtain status for Select or Rep teams, the coaches of these teams will be required to submit player information to the appropriate governing bodies.

If you feel that a request for additional personal information is unjustified or that your personal information has been used and/or compromised in a manner that contravenes our Privacy Policy, please contact a league official.
